## Health Maintenance Organization (HMO)

HMOs give you access to a network of doctors and hospitals, but restrict services to in-network providers only. HMO participants must choose a contracting medical group and primary care physician (PCP) to provide or coordinate their healthcare services. If you require specialty care, an outpatient procedure, or a hospitalization, you must receive a referral from your PCP. There are no out-of-network benefits.

## Preferred Provider Organization (PPO)

A PPO plan offers the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral. Once the applicable deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. The types of services that accumulate towards your deductible are office visits, inpatient hospital stays, outpatient surgeries, emergency room and urgent care visits, labs (blood work) and x-rays (MRIs, PET scans, CT scans, etc.). Prescription drug copays do not accumulate towards your deductible or your overall out-of-pocket maximum.

Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. The deductible does not accumulate toward the out-of-pocket maximum.

## High Deductible Health Plan (HDHP) with Health Savings Account (HSA)

The HDHP is a PPO plan that provides health care benefits after the applicable deductible has been met. You pay the full cost of services prior to meeting your annual deductible with the exception of preventive care. Once the deductible is met, services will be covered by the plan coinsurance until the annual out-of-pocket maximum is met. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay. Services are covered at 100% once the out-of-pocket maximum is met.

- Females get an annual well-woman exam covered at 100% in addition to their annual physical exam.
- No out-of-pocket costs apply - these exams are fully covered *as long as your physician codes them as preventive.*

### **Prescription Drugs**

- Ask your doctor if there's a generic version of any medication you're currently taking or being prescribed.
- Take advantage of the Prescription Savings Programs at major retailers.
- Ask about free samples from your doctor and/or manufacturer rebates.

### **High Cost Scans, X-Rays & Tests**

- MRI, PET scans, CT scans, etc. are less costly at in-network free-standing imaging centers than at hospitals.
- When possible, compare cost options prior to scheduling your necessary services.

### **Emergency Room Alternatives**

The ER is a costly experience for issues that aren't true emergencies. Below are alternatives that can offer quick care at a more affordable cost.

- Doctor's office: for non-life threatening symptoms, call and let them know your symptoms require immediate attention.
- Convenient Care Clinics: use when you don't have a primary doctor or can't get an appointment. Good for fever, sore throat/strep, coughs/congestion, sports physicals, UTIs, etc. Visit [cvs.com](http://cvs.com) or [walgreens.com](http://walgreens.com) to find a clinic near you.
- Urgent Care: less costly than the ER and can treat sprains/strains, minor breaks, mild asthma, minor infections, rashes, small cuts, burns, etc.

# Dental Insurance | BlueCross BlueShield

## Dental Health Maintenance Organization (DHMO)

The DHMO requires you to choose a Primary Care Dentist or dental facility to coordinate all your oral health needs. If you need to see a specialist, your primary care dentist must refer you and services may require preauthorization. There are no out-of-network benefits; if you visit a dentist outside the network, you will likely be responsible for the entire bill. A DHMO has no deductible or maximums. Instead, you pay a fixed dollar amount for dental treatment based off a pre-determined fee schedule. Some diagnostic and preventive services have no fee.

## Dental Preferred Provider Organization (DPPO)

The DPPO allows the flexibility to use any dentist, in or out-of-network. Staying in-network will allow your annual maximum to last longer. If you visit a dentist out-of-network, you may be responsible for paying the bill at the time of service and receiving reimbursement later.

Dental coverage focuses on preventive and diagnostic procedures in an effort to avoid more expensive services associated with dental disease and surgery. The type of service or procedure received determines the amount of coverage for each visit. Each type of service fits into a class of services according to complexity and cost. We recommend you request a predetermination of benefits for major services.

### Preventive:

- Annual cleanings
- Bitewing X-rays
- Space maintainers
- And more

### Basic:

- Fillings
- Root canals
- Oral Surgery
- And more

### Major:

- Dentures
- Bridges
- Inlays, Onlays, Crowns
- And more

# Voluntary Accident | BlueCross BlueShield

Since accidents can happen at any time, it's important to prepare for the unexpected. Accident insurance can help pay for out-of-pocket expenses associated with an accident by paying you a benefit for each of the covered injuries you suffer and the treatment you received. This policy does not coordinate with any other coverage, so you can still receive benefits on top of what your medical plan provides. See plan highlight sheet for specific coverage details.

Payments are made directly to you to use as you see fit. They can be used to help pay for medical plan deductibles and copays (if applicable), out-of-network treatments, your family's every day living expenses, or anything else you need while recovering from an accident. Here are some, but not all, ways to trigger a payment from the accident policy:

- **Wellness:** Pays a specific benefit amount for going for a preventive care visit such as an annual physical
- **Treatment:** Pays a specific benefit amount for emergency room treatment, X-Rays, diagnostic exams, physical therapy, and follow-up treatment
- **Ambulance:** Pays a specific benefit amount for ambulance or air-ambulance transportation to a hospital due to injuries sustained in a covered accident
- **Miscellaneous:** Pays a specific benefit amount for concussions, breaks, sprains, burns, dislocations, lacerations, and more

*Note, this coverage applies to accidents that occur on or off the job.*

# Voluntary Critical Illness | BlueCross BlueShield

Critical illness insurance protects your family when you are diagnosed with an unexpected covered condition by providing you with a lump sum cash benefit in the event you or an insured family member is diagnosed with a covered condition. This policy does not coordinate with any other coverage, so you can still receive benefits on top of what your medical plan provides. This plan also pays a specific benefit amount for going for a preventive care visit such as an annual physical. See plan highlight sheet for specific coverage details.

| Coverage Amount            |  |
|----------------------------|--|
| Employee Coverage Amount   | \$5,000 - \$20,000 in increments of \$5,000  |
| Spouse Coverage Amount     | \$2,500 - \$10,000 in increments of \$2,500, not to exceed 100% of the employee benefit amount |
| Child(ren) Coverage Amount | \$2,500 - \$10,000 in increments of \$2,500, not to exceed 100% of the employee benefit amount |

# Voluntary Hospital Indemnity | BlueCross BlueShield

Hospital Indemnity insurance protects your family when you have a hospital or ICU stay. This policy provides financial protection by paying you a benefit for hospital admission, hospital confinement and ICU care. Benefits are paid based on admission and length of stay for a defined number of days. This policy does not coordinate with any other coverage, so you can still receive benefits on top of what your medical plan provides.

|                                     |                        | Plan Coverage |
